

# Need Xtra Cash? Looking for a profitable way to fill your time?

## Cortland Standard Carrier Application

If you are at least 11 years old and are interested in earning some extra money, the Cortland Standard has carrier home delivery routes available in your area. Every route earns a profit based on how many papers are delivered, so the harder you work, the more you earn.

Fill out this application and return it to the Cortland Standard Circulation Department if you are interested. There is a mandatory PAID two week training period, and opportunities to earn extra money over and above route profit for the right carriers. Send in you application today, or call the Circulation Department at 756-5665.
